

## Shri S.N. Khanna, Mentor (General Awareness and Human Values).

Graduate in Mathematics and had his professional career in multi-national pharmaceutical company handling marketing. Believes that - Human mind is just like parachute, which works when opened.

*"It is a great privilege to be associated with this initiative which is taking care on unprivileged and under privileged children. This is an opportunity to return back to the society a bit of what I have received during last more than Seven decades of life. Idea is to, instead of feeling pity of such children, we should provide them an opportunity to grow. It is our Personal Social Responsibility (PSR) to stretch our helping hand to them so that they walk towards their goal respectfully.*

*Children are same everywhere, creative,*

*innovative. with a team of dedicated members is committed to educate and groom them to build self-confidence and face the challenges of life."*
